PRESIDENT'S REPORT

Pres. Cleary advised the Council that they will be receiving an invitation from the Israel Government on a trip to Israel which will take place September 16-25, 1978. The group will consist of labor delegates from this area plus labor attorneys. Ground accommodations will be taken care of by the Government. Airfare is to be taken care of by the individual or local. The cost is \$621 round trip. There will be a cocktail party at a later date at which time more details will be available.

We submitted V.P. Rodwell's name for a position on the Industrial Accident Board. Executive V.P. Prendergast was on the Screening Committee. At the Gompers-Murray Dinner Pres. Cleary received word that the Governor was going to announce the appointment of "Cleary's guy" to the position and that Cleary's guy was from the Western part of the State. The Council only submitted one name and that was Bob Rodwell's. V.P. Rodwell asked Pres. Cleary to set up a meeting between the Executive Officers and the Governor which he did. They met with the Governor and told him what we heard. The Governor stated that he was not thinking of appointing a Labor man that week and that he was definitely not appointing Bob Rodwell. Pres. Cleary told him in no uncertain terms that Bob Rodwell was the unanimous choice of the Mass. State Labor Council. When we submitted V.P. Rodwell's name we were under the impression that the Governor wanted an attorney for this position and that V.P. Rodwell was an ideal choice. At this meeting the Governor seemed to indicate that it didn't necessarily have to be an attorney and that the reason he wasn't going to appoint Bob Rodwell was that he didn't feel he had the qualifications he was looking for. Executive Officers spoke to the Governor about this. The Governor stated the reason he was holding up that particular appointment is because he did want to appoint a Labor person.

V.P. LaGrasta stated that as far as he was concerned this Council went on record supporting V.P. Rodwell. The Brockton Central Labor Council also supported him. It was his understanding that the Governor would not appoint any person not qualified as a practicing attorney. When the Governor asked Ed Milano for names he looked around for people that were qualified and submitted the name of Ralph Roberts.

There was a discussion about this and V.P. Rodwell thanked the Executive Officers and members of the Executive Board for their support. He stated that when he left his interview with the Governor he was sure he had the job but he then received a letter from Chairman Martin of the Industrial Accident Board stating that he was well qualified but they had picked a man they felt was more qualified.

V.P. Litano made a motion which was duly seconded that the Executive Officers set up a meeting with Ed Milano, Ralph Roberts and the members of ILGWU on this Board and request that Ralph Roberts withdraw his name and put Bob Rodwell's name back on the list and the Governor be reminded daily that this is the man we want. The motion was discussed and a motion was duly made & seconded to shut off debate. So voted. V.P. Litano's motion was then so voted.

Pres. Cleary reminded the Council about the problems we had with Nat'l Cope last year wherein we did not receive notification of the Cope meeting. Pres. Cleary was Exec. V.P. at that time, heard about the meeting and attended anyway. At the next Council meeting a motion was passed that unless the whole Cope Committee was invited no one would attend. Everyone on the Cope Committee received invitations to the Cope Conference held in April of this year. Many were in attendance from the Council.

When Sec. Treas. Loughlin and Pres. Cleary were at the Convention in Florida Al Barkan asked them about the political highlights in Massachusetts. Cong. Brooke, Gov. Dukakis and Lt. Gov. O'Neill were mentioned. One of the complaints Pres. Cleary heard and brought to the attention of Mr. Barkan was that Nat'l Cope was putting money into Massachusetts without us being aware until after the fact. He spoke to Barkan about it at that time and although he didn't deny it he didn't admit it. It has happened.

At the Cope meeting in April Barkan asked at that time if there would be any embarrassment at that time if checks were presented to the Governor & Lt. Governor. We said no. We received two checks from Nat'l Cope - \$5,000 for Gov. Dukakis & \$5,000 for Lt. Gov. O'Neill and gave them to the respective Treasurers. He has since heard stories about us giving money to the Governor and Lt. Governor. The money came from Nat'l Cope and not from us. Pres. Cleary thinks the Speaker of the House might have had something to do with this. When Barkan asked about our endorsements we told him that we wouldn't know until our Cope Committee met at our next Convention which is scheduled for the week before the elections. This is the complete story of what happened at the Cope Conference in April.

There was a discussion and Sec.-Treas. Loughlin stated that he didn't want anyone to blame Pres. Cleary. Al Barkan is the one to blame. We had the same problem with him years ago. Neither Sec -Treas. Loughlin or Bill Cleary signed any checks. They came in directly from Washington. When Pres. Cleary & Sec.-Treas. Loughlin were in Florida they were asked who they thought had a chance of winning in Massachusetts. They gave him our opinion which was that Gov. Dukakis, Lt. Gov. O'Neill & Sen. Brooke, ect. could be elected.

At the last meeting the question of whether or not to get involved in endorsements before the primary was placed in the hands of the Executive Officers. July 11th is the last day for filing nominations and the Central Labor Councils have to have time to hold meetings in order to come up with their recommendations. It is, therefore, the recommendation of the Executive Officers that a Cope meeting be held the first of August and the Cope Committee be asked to endorse pre-primary. If they do then we can go into endorsements.

V.P. Barron made a motion which was duly seconded to by-pass the regular Executive Council meeting and that a Cope meeting be called for on July 20th for the purpose of deciding whether or not the Cope Committee should endorse in the primary and, if so, to make such endorsements and that notice be sent to the Central Labor Councils. This was discussed and motion was duly made & seconded to shut off debate. So voted. V.P. Barron's motion was then so voted.

Pres. Cleary talked to the Council about Classification and 100% Valuation which will be coming up on the November ballot (A copy of a Summary is enclosed). There are pros and cons on this. Big business in saying Classification will wipe them out but 100% Valuation will wipe out the homeowners. We know what 100% will do to big cities. It will affect us in a similar way that Proposition 13 is affecting California. Public Employees will not be the only ones hurting. The Building Trades would also be hurt greatly. There will be no public money to be spent. 100% Valuation will cripple the economy of Massachusetts. If 100% Valuation goes through we in Labor are going to be devastated. An Ad Hoc Statewide Coalition has been set up and on it are some people we don't always agree with such as Fair Share, Mayors' Association, etc. It is also made up of people from Labor such as Teachers, Fire Fighters, etc. Pres. Cleary hoped that the Council would come out for Classification. The Coalition has come out with a financial proposal for minimum initial assessment. They don't want to drive business out of the Commonwealth. Pres. Cleary asked who in the Commonwealth we represented - big business or the working class? The Coalition has been told they have a 70-30 uphill battle. Pres. Cleary asked Mike Mullane to speak on it.

V.P. Mullane explained the problems that are coming out because of Proposition 13 and also explained that collective-bargaining-wise we would be dead if we don't get classification. There will be a possibility of major layoffs if the City goes broke. Taxes will go sky high. An estimated 6 or 7 million has been spent by big business to fight classification. One of the problems in this campaign is financing. The Boston Fire Fighters pledged \$5,000 and will come up with more if possible. Teachers pledged \$10,000, AFT \$5,000, Fair Share \$5,000 etc. The Coalition is looking for financial support and unions to get involved by providing mailing lists or whatever.

V.P. Mullane made a motion which was duly seconded that the Council take a position in favor of Classification, a Constitutional Amendment on the referendum ballot in November. So voted.

V.P. Mullane made a motion which was duly seconded that the Mass. State Labor Council make a donation of \$5,000 to the Classification Coalition Fund. The Council discussed the donation and it was decided to hear the Secretary-Treasurer's General Fund & Cope financial reports. The financial reports were read and motion was duly made & seconded to shut off debate. So voted. V.P. Mullane's motion to contribute \$5,000 was then so voted.

Motion was duly made & seconded to accept the Secretary-Treasurer's financial reports. So voted.

#### SECRETARY-TREASURER'S REPORT

Sec.-Treas. Loughlin stated that seeing as the meeting was running late he would keep it brief. He handed out a list of Locals that were late with their per capita and

explained if they were not brought up to date they would not be allowed to attend the Convention. He asked the Vice Presidents to look at the list and do whatever they could to help him get their per capita up-to-date.

## TO ALL AFFILIATES

Dear Brother and Sister:

We are writing to you about an issue of great importance to the AFL-CIO Organization and to everyone of our members.

The Area AFL-CIO Body and several of our affiliates are working hand in hand with Community Groups, Church Organization and Mayors in State Wide coalition to protect our members, home-owners and tenants from the ravages of 100% valuation. You are only too well aware of the terrible burden which the regressive property tax places on our people.

This burden can and will become much worse for the residential property owner if 100% valuation is fully implemented in Massachusetts.

In embracing the Classification Amendment as an alternative to 100% valuation, your AFL-CIO State Body is pledging funds, time and staff to the VOTE YES ON QUESTION # 1 COMMITTEE.

Your AFL-CIO State Body urges you to vote YES ON QUESTION # 1 on November 7, 1978. We further urge you to lend the powerful backing of your union to this working person's cause by participating fully in local VOTE YES ON QUESTION # 1 COMMITTEE.

PRESIDENT'S REPORT

President Cleary gave the \$5,000 to the Classification Committee which he is meeting with weekly. A letter has been sent out on this stating our position and asking for help on this classification which is on the November ballot and we are hoping we will pass it. Big business has carte blanche on the money to be spent on this. We are involved with the Mayor's Assoc., Fair Share & other people to fight this. The unions are now practically carrying the entire bill for the financing of this fight. AFSC&ME will hopefully come in with a substantial amount of monies. At a later date fact sheets will be sent out to our members.

Motion duly made & seconded to accept President's Report. So voted.

SECRETARY-TREASURER'S REPORT

Sec.-Treas. Loughlin gave the General Fund & Cope financial reports. Motion duly made & seconded to accept. So voted.

Sec.-Treas. Loughlin told the Council that he received a request from Sonny McDonough asking for our support. He stated that Sonny has always been a friend of Labor. This was confirmed by Cope Dir. Callahan.

V.P. Rodwell made a motion which was duly seconded by V.P. Khoury that the Mass. State Labor Council endorse Sonny McDonough for Governor's Council and a letter be sent to him advising of our endorsement. So voted.

The first of these is the fact that the system is not self-sufficient. It is dependent on the outside world for many of its raw materials and for the energy which it needs to run.

The second is that the system is not very flexible. It is not able to adapt itself to changes in the outside world very quickly.

The third is that the system is not very efficient. It wastes a great deal of energy and produces a great deal of pollution.

The fourth is that the system is not very equitable. It does not distribute its resources very fairly.

The fifth is that the system is not very sustainable. It is not able to continue to run for a long time without running into serious difficulties.

The sixth is that the system is not very resilient. It is not able to recover from shocks very quickly.

The seventh is that the system is not very innovative. It is not able to develop new ideas and new technologies very quickly.

The eighth is that the system is not very transparent. It is not clear how decisions are made and how resources are allocated.

The ninth is that the system is not very accountable. It is not clear who is responsible for the system's performance.

The tenth is that the system is not very participatory. It does not involve the people who are affected by its decisions in the decision-making process.

The eleventh is that the system is not very democratic. It does not respect the rights of the people to participate in the decision-making process.

The twelfth is that the system is not very just. It does not treat all people equally.

The thirteenth is that the system is not very fair. It does not distribute its resources in a fair way.

The fourteenth is that the system is not very honest. It does not tell the truth about its performance.

The fifteenth is that the system is not very open. It does not allow people to see how it works.

V.P. Campbell told the Council about a copy of a letter he received regarding the Avco Co. being built with federal funds. They are trying to get the job done without going under the Davis Bacon Act. He will mail a copy of the letter to the Council and he thinks that a copy should be sent to all affiliates.

## TO ALL AFFILIATES

Dear Sister or Brother:

SUBJECT: SCHOLARSHIP PROGRAM

As we embark on our 21st Annual Scholarship Program, Awards totaling over \$30,000.00 have been pledged to assist worthy students.

Awards in the amount of \$100.00 to \$1,000.00 are made to participating students and we would, if possible, like to have greater participation by Local Unions.

The current program is considered one of the finest conducted by Labor and gives the student the monetary assistance necessary to further his or her education.

Your consideration of a scholarship by your Local Union is appreciated.

Enclosed is a form to be used in determining the amount of scholarship and the option to be used. We request that you fill out the form and return it to us at your earliest convenience.

# — Henry J. Khoury Testimonial —

Dear George:

A testimonial dinner dance honoring Henry J. Khoury will take place on Saturday evening September 30, 1978 at the Boston Teachers Union Hall.

It would be silly for us to attempt to list all of the accomplishments of this man. After all, the "Camel Rider" has been the most visible person possible in any of the organizations he belongs to.

It is therefore with great pride that the committee solicits your support for this event for not only will Henry be surrounded with the friends he loves, but whatever surplus there may be from this evening will go to a needy cause. We refer to an organization known as Handi-Kids. A unique group committed to providing some pleasure and physical therapy to handicapped children.

Please make all returns as soon as possible, or no later than September 20, 1978.

Dear George:

On August 29, 1978 the Political Action Committee of Local 1776 plans to have (7) seven people here at the University that they are vying for the office of District Attorney in this area to answer questions put to them by an audience present.

We would appreciate it very much if your office could help us to publicize this event, so that we would have a good audience.

This will be held at the HAMPSHIRE DINING COMMONS UNIVERSITY OF MASS. beginning at 7:00 P.M.

We plan to have signs posted directing anyone who is looking for this building.

Again we would appreciate it very much. I am sure that my good friend Louis your secretary can help in this matter.

In order to insure the election of Labor's endorsed candidates, we call upon all our affiliates to work on behalf of the endorsed candidacy of Edward W. Brooke, candidate for U.S. Senate as well as labor's endorsed state-wide candidates and your own Congressionally endorsed candidates as well as members of the Great and General Court.

With your help and assistance, we will be able to be successful in our efforts to have leadership in the Governor's and Lieutenant Governor's office along with the Constitutional offices and members of the Congress and the Great and General Court.

As the campaign continues we will make every effort to keep you informed of Labor's programs and policy that will in the finality result in our "electing our friends and defeating the enemies of labor".

COPE Director

October 19, 1978

Dear Sister and Brother:

Labor's positive action in the coming weeks will be instrumental in determining the results of the November 7th election!

Our members - families - friends must be continually reminded of the necessity of voting for labor's endorsed candidates.

If there is to be a continuation of the passage of progressive labor legislation, every effort must be made to defeat those candidates who would cause to fragmentize the ranks of labor.

BE SURE TO VOTE ----- YOUR VOTE COULD MAKE THE DIFFERENCE!!!

Fraternally yours,

John A. Callahan

PRESIDENT'S REPORT

Pres. Cleary attended the Democratic Mid-term Convention. He heard rumors that Pres. Carter was getting rid of two people in the Department of Labor - Brown, the

Secretary of Labor and Frank Burkhart (out of the Bldg. Trades) Ass't Secretary of Labor. Pres. Cleary called Tom Donohue who told him that as far as he knew this was true. Burkhart stated that Jordan told him the President said he was too labor orientated. He will not resign - they will have to fire him. For all purposes he is fired effective January 1st. President Cleary spoke to Tip O'Neill and Ted Kennedy. Both of them will speak to the President but he doesn't think it will do any good.

Pres. Cleary is a member of the Coalition on Question #1. This group consists of the Mayor's Assoc., Fair Share, Catholic Church, Veterans, Sr. Citizens and others. They are continuing to meet even after the vote & have come up with a proposal for budget tax relief which is actually Fair Shares. There are a number of Labor people that belong to this Coalition & they are now taking about whether to stay in or get out. On the face of it, it would appear that we should get out. However, in order for anything to come out of the Coalition it has to be a unanimous vote. If we stay in we have a veto power - if we get out & this coalition stays in existence Fair Share will then come out with a Coalition paper. If we stay in & have veto power they will have to come out with a Fair Share paper. White has given the Coalition 3 months to come up with a proposal or he will withdraw his support for King. It is Pres. Cleary's feeling that we should stay in as we should have a watch dog. He asked what the feeling of the Council was. If it is their wish that we should stay in he asked for all the help he could get from them in attending meetings. The meetings are every Wednesday and it isn't always possible for him to attend them.

Sec.-Treas. Loughlin opposes our relationship with this Coalition. First of all we passed a resolution against the sales tax. He believes that Labor is going to be used. In his opinion the Council is a leader not a follower. This group is made up of people who do not think our way. They want to raise taxes on alcohol and cigarettes as well as other things. They want to save 500 million by cutting back on services. The National's position is that we fight against any type of sales tax or the broadening of a sales tax & there is a section in this proposal that seeks to broaden the sales tax.

V.P. Barron made a motion which was duly seconded that we continue to participate in the Coalition.

Exec. V.P. Osborn pointed out that the President not only wants Labor involved in order to know what is going on but he wants us there for a specific purpose - to veto things.

The motion was so voted with Sec.-Treas. Loughlin being recorded as opposed.

Pres. Cleary read a letter from Al Dyson saying that he is not seeking reappointment as Assoc. Commissioner of Labor although he will stay on as long as there is no one else. Mr. Dyson told Pres. Cleary that there is an exception to this. If Ms. Knickerbocker is appointed his resignation will be effective immediately.

Pres. Cleary hopes that the Governor will ask the Council for recommendations. What we have done in the past is submit 5 names for any openings. What he would now like to do is submit 1 name for 1 specific job on the Industrial Accident Board. He asked the Board to let him know if anyone is interested in any positions.

Motion duly made & seconded to accept President's Report. So voted.

#### SECRETARY-TREASURER'S REPORT

Sec.-Treas. Loughlin gave the General Fund & Cope financial reports. Motion duly made & seconded to accept the financial reports. So voted.

Sec.-Treas. Loughlin stated that years ago he made a motion to submit one name and one only for appointments. He has known of cases in the past where two of our people

were seeking the same position. After discussion a vote was taken and it was voted to submit just 1 name, the name of the person who received the most votes.

Sec. Treas. Loughlin made a motion which was duly seconded that only 1 name be submitted for any appointments.

Exec. V.P. Osborn made a substitute motion which was duly seconded that it be left up to the discretion of the Council at the time a request for nominees for appointment is made. At that time the decision can be made as to how many names should be submitted. So voted.

Motion duly made & seconded to accept Secretary-Treasurer's Report. So voted.
